

Davis Digital: **Translations**

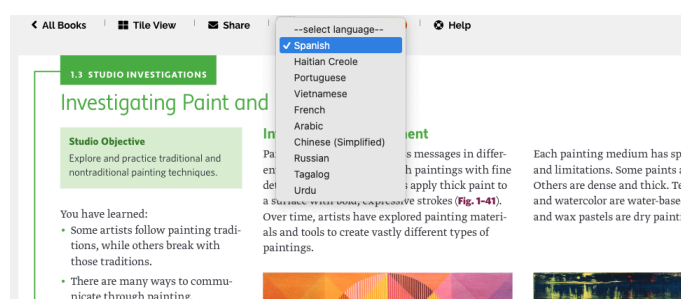

Every student deserves the chance to express themselves through art. With translation available in nine languages, Davis Digital helps you break barriers, ensuring every learner can engage with lessons, projects, and resources right at point of use in the materials.

How to use the translation feature in Davis Digital

Step 1: Log in to your Davis Digital platform.

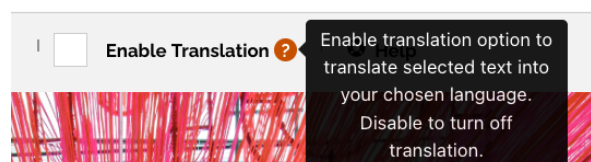

Step 4: Choose the language you'd like to use.

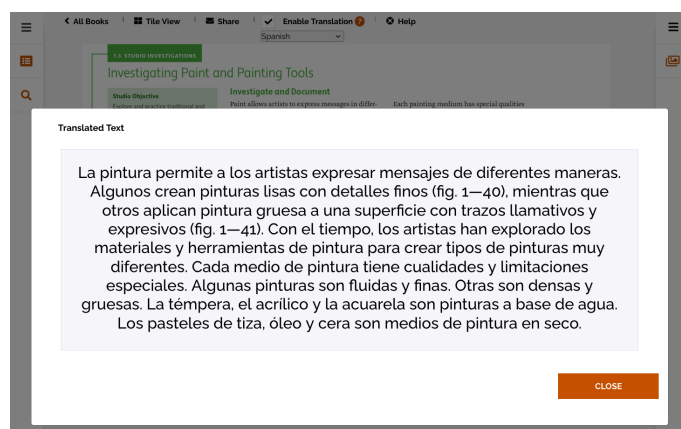

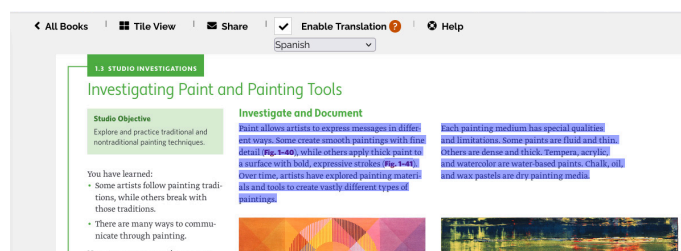

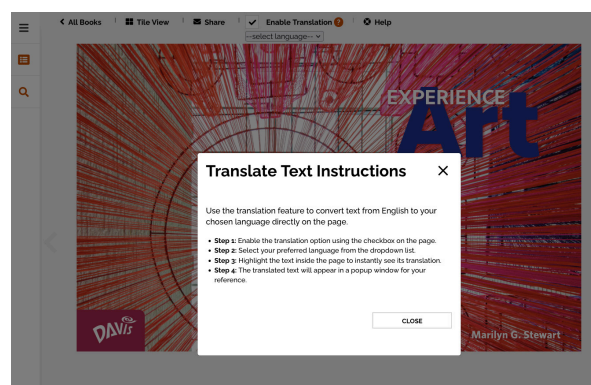

Step 2: Open a title from your Books page.

Step 3: Check the translation box at the top of the Davis Digital screen.

Step 5: Highlight text you'd like to translate, and a new box will open with the translation. Repeat this step for each section of text to be translated.
